Re: FYI - Manager's Survey Results

As you are all aware, I conducted a short survey at the Bellows Falls Village Annual Meeting Vote in May and at the Saxtons River Village Bond Vote in June.

A total of 144 surveys were filled out. I spent the entire day at the Masonic Temple for the Village Annual Voting. Of the 241 voters, 115 filled out the form. I also spent from 9:00 am to 1:00 pm in Saxtons River for the Special Bond Vote in June. At the time I left, 50 individuals had voted of which 29 filled out the survey.

Attached are 3 spreadsheets – one with results from Bellows Falls, one with results from Saxtons River, and one with the two combined.

Totals for each question and response are noted above the top of each sheet.

While it is still my intention to poll the rest of Rockingham, I have yet to come up with a feasible way to do this and am open to suggestions.

Any questions please feel free to give me a call.
