RE: ZONING PERMIT DECISION – APPROVED ACCESSORY STRUCTURE ADDITION

---

This zoning application is found to meet the provisions of the Town of Rockingham Zoning Bylaw and is hereby administratively approved. The zoning permit is issued for an accessory addition to a residential use as outlined in the application and attached site plan (a modified drawing using a septic plan sheet). The proposed accessory addition, a deck that attaches to the rear of the house, meets the requirements allowed in the Rural Residential 1 Zoning district under section 2411 of the Rockingham Zoning Bylaw. The accessory addition conforms to minimum setback requirements of the Rural Residential 1 zoning district.

The project shall be completed in accordance with the attached application and site drawing. No alterations shall be made in the project except where written application to the Zoning Office has been made and the required approvals obtained.

A zoning approval notice sign is attached to this permit and must be posted at the construction site and easily viewable from a public road or street. The sign must be in place for a period of 15 days starting with the date the permit is issued. The 15 day public notice requirement is mandated by Vermont State Law.

The permit is effective 15 days from date of decision. A zoning permit shall become void if the work described therein has not been started within two years from the date of issuance.

An interested person may appeal a decision of the Zoning Administrator to the Zoning Board of Adjustment. An appeal must be taken within 15 days of the date of the Zoning Administrator's decision. After the 15 day period, the decision becomes final.

Charles Wise  
Zoning Administrator
